REGISTRATION SITE : PRACTICAL GUIDE TO UPDATING YOUR PERSONAL DATA

It is essential that you update your personal details (ADULT FORM) in your family account throughout the year: your email address so that we can contact you and send you emails, your mobile phone number so that you can use the Together transport application, payment details, etc. Failure to do so may have an impact on the services provided.

How does it work? The family account includes all the orders, but each adult has his or her own login to access his or her personal file. Each adult must log in with **his or her own login and password** on the registration site :
