- What are your motivations for joining the APEEE Services Board of Directors ?

I've been an active parent throughout the schooling of my 3 children. I've been a member of Parents' Association of their creche/kindergarden and Maternelle BE school where we worked together with School Administration in introducing new activities (during school time and after school), a new hot meals provider, school trips, etc. In total, 9 years of experience with after-school activities' management on top of having solid experience in sound financial management and auditing. My 3 children are part of one of the smallest language sections in EEB1 and thus I believe that smaller sections should also be represented at the APEEE Services Board of Directors. I would like to contribute to the development of the association for the good of our children.

- What is the experience/added value you can bring?

My professional experience as an Accountant and Auditor includes project and contract management with many different 3<sup>rd</sup> parties paired with a solid experience in sound financial management and auditing. I am interested in cooperating with other like-minded parents on enhancing the Services already proposed.
